Technical Skills

Languages: Python, C, Java, JavaScript, C++

Web Technologies: React.js, Next.js, Node.js, Express.js, HTML, CSS

Databases: Firebase Firestore, SQL, MongoDB

Tools & Platforms: Docker, Git, SendGrid, Gemini API

Other Skills: Technical Writing, REST APIs, NLP (Basic)

Tools: SendGrid, LiveKit, Murf Falcon, Deepgram STT, Numpy, Pandas, Matplotlib, Seaborn

Experience

Chaya Digital Agency

April 2025 – June 2025

Web Developer

Remote, India

- Developed and maintained responsive websites using **Next.js and React.js** for internal and client-facing projects.
- Collaborated on real-time web development tasks for Chaya Digital Agency and its partner brand, Viral and Beyond Academy.
- Focused on building **scalable, high-performance user interfaces and improving digital experiences** across platforms.
- Contributed to feature implementation and UI/UX enhancements under a revenue-sharing internship model.

TechSaksham Program – Edunet Foundation (Microsoft CSR Initiative)

January 2025 – February 2025

AI & Web Development Intern

Remote, India

- Interned under Microsoft's **TechSaksham CSR Program** at Edunet Foundation, focusing on AI-based web solutions.
- Developed a **Healthcare AI Chatbot** using **Natural Language Processing (NLP)** to assist users with health-related queries.
- Gained hands-on experience in AI technologies, chatbot development, and problem-solving in real-world healthcare contexts.
- Strengthened skills in full-stack development and AI integration through collaborative, impact-driven project work.

Personal Projects/Awards & Achievements

AI Voice Agents | Python, LiveKit, Murf Falcon TTS, Deepgram STT, Gemini LLM

November 2025 - December 2025

Built multiple real-time voice-enabled agents including an e-commerce shopping assistant, game master, and conversational improv host. Implemented natural-language workflows, product browsing, cart/order management, and dynamic scene generation. Integrated fast STT/TTS pipelines, session memory, and custom tools for structured interactions.

AI Literacy Bridge | Next.js, Cerebras Wafer-Scale Engine, Llama 3, Accessibility APIs

September 2025 - October 2025

Designed and developed an AI-powered, accessibility-first learning platform for underserved communities, integrating Cerebras Wafer-Scale Engine to deliver personalized, multilingual education, long-term learning memory, and real-time audio support for blind and visually impaired students.

Hospital Management | Next.js, firebase firestore, Gemini chatbot, Send Grid mailing system

April 2025 - June 2025

Developed a responsive hospital website with structured navigation covering departments, doctor profiles, appointment booking, and emergency contact sections. Prioritized accessibility and user clarity to ensure easy access to critical information and services. Integrated a Gemini-powered AI chatbot for patient assistance and implemented email notifications using SendGrid for appointment confirmations and inquiries.

Author of "The Secrets to Master Your Mind" – Published at the age of 14

Wrote and published a self-help book focused on mindset mastery, productivity, and personal growth.

Education

K.J. Somaiya Institute of Technology

Aug 2024 – Sep 2028

Bachelor of Technology in Artificial Intelligence and Data Science

Mumbai, Maharashtra
